Seasonal sourcing collection

Inside this collection

Sunflower forms and harvest textures, with coordinating branches and greenery.

The seasons describe merchandising themes, not exclusive product availability. Year-round coordinating ranges are labelled separately.

Selected sunflower SKUs only; the full mixed daisy range is in the summer catalogue.

Wheat and reed selections come first. Green grasses follow as year-round supporting materials.

Choose warm-toned colourways for harvest displays. The wider colour range is shown for coordination.

Cover arrangements illustrate a styling direction. The SKU pages show the actual products. Confirm colour, material and dimensions against samples before ordering.
